Model GD4S/GD4L -- Carriage House Design, Uninsulated

Model GD4SV/GD4LV -- Carriage House Design, Insulated

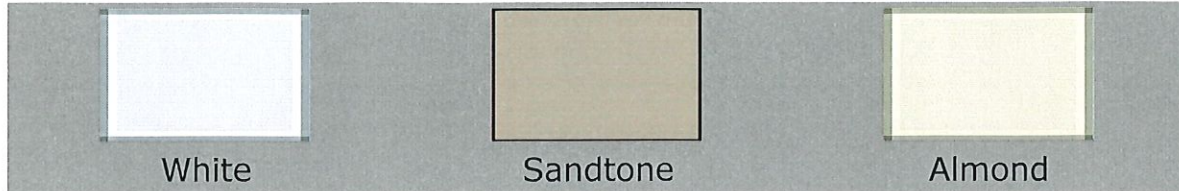

Construction

- 24 gauge 2" steel frame construction for long-lasting performance.
- Steel coated with hot dipped galvanizing and topped with a baked-on primer and top coat for a virtually maintenance-free surface.
- Short and long carriage house panel styles with deep vertical grooves complement any home style.
- Larger view windows created in arched, square and rectangular designs, with or without grilles.
- Decorative black powder-coated spade design lift handles and step plate provide the finishing touch. Optional outside keyed lock and strap hinges maintain the authentic carriage house style design.
- Galvanized torsion springs are attractive and longer lasting.
- Nylon rollers are durable and quiet.
- Rust-proof aluminum bottom weatherseal retainer and vinyl astragal help seal out the elements.

Insulation

- 1 5/16" expanded polystyrene insulation is pressure bonded to the outside and inside steel skins, making these doors durable, quiet operating and energy efficient.
- Insulating R-Value of 6.3

Colors

Warranty

- Limited lifetime on paint.
- 10-year limited on windows.
- 3-year limited on hardware.
